Tube Labeling Instructions and Postal Shipping Procedures

Tube Labeling:

1. Label Tubes consecutively: ex: 1-10
 - a. Always put this number closest to the red stopper.
2. Put animal ID on proper tube EX: 9114
 - a. Always put this number below the tube number.

3. Copy these two numbers onto the "Sample Submission Form"
 - a. A list of the tube numbers are provided in a column on the form.

Postal Shipping Procedures:

1. Bundle tubes together in groups of 1-10 tubes in a rubber band.
2. Using a leak proof Zip Lock bag or baggie:
 - a. Write Biohazard on the plastic of the bag with sharpie pen OR
 - b. Place a biohazard symbol on the baggie downloaded from the website http://www.biotracking.com/sites/default/files/Biohazard_for_download.jpg
DO NOT WRITE BIOHAZARD ON THE OUTSIDE OF THE BOX!
3. Wrap bundles with absorbent paper towel or newspaper (enough to absorb all fluid if all tubes break)
4. Place bundles into plastic bag.
5. Pack the bags with bubble wrap or absorbent news paper inside a box (we do NOT suggest using padded envelopes) and seal the box.
6. Address the Box:

Alliance Analytical Laboratories
ATTN: BioPRYN
179 West Randall Street
Coopersville, MI 49404
7. If you have packaged using this procedure, write the following on the outside of the box:
"EXEMPT ANIMAL SPECIMEN"
**If you have any questions please call Alliance Analytical Laboratories (616) 837-7670
